All courses are offered virtually. Modules are asynchronous with instructor support. You do not need to be online at a specific time, as the course is designed for candidates to be able to log in whenever best suits them. Assignments must be submitted by the applicable deadlines.

Workshops are hosted live over zoom. Candidates must be online for the entirety of the course as they are highly participatory.

Can I apply for financial assistance?

NISCL is not an accredited postsecondary institution, and the CSCL program does not qualify for OSAP funding. You may find funding elsewhere, such as:

- Budget for continuing education from your employer
- Lines of credit from banking institutions
- Local grants
- [Canada Training Credit](#) tax return

NISCL regularly offers discounted and early bird registration options, be sure to check often for applicable pricing. The CSCL program is a pay-as-you-go system, not a tuition model, so you will only be paying for the course you are taking.
