NISCL partners with Cambrian College to Expand Pathways to the CSCL Designation

National Institute of Supply Chain Leaders (NISCL) and Cambrian College have reached an agreement that will provide an efficient path for graduates of the school's *Supply Chain Management Graduate Certificate* program to pursue their Certified Supply Chain Leader (CSCL) designation at a faster rate.

Today's global market demands skilled practitioners to support the management of complex supply chains. NISCL's Designation Program meets this need and equips those seeking to launch or accelerate their career with the necessary skills to work at a management or executive level.

Many designation holders find having the designation helps them progress within their career and contribute at a strategic level within their company.

"I am so excited for our Supply Chain Management students as this pathway to a CSCL designation can really help accelerate their careers, which will give them an edge over the competition. It will allow them to further build their skills and connections in the industry, well beyond the classroom, and stand out as professionals who can confidently tackle the challenges of the supply chain industry. As a faculty member, I love to see our students get these opportunities." says Fatehjit Kochar, professor and program coordinator of Cambrian College's Supply Chain Management program.

"At NISCL our brand promise is to be Canada's largest community of supply chain professionals, committed to supply chain excellence. The supply chain profession has never been more vital to the progress of the Canadian economy and as the profession continues to be in the spotlight, we are on a steadfast path to deliver on our purpose: to promote awareness of the important role of supply chain management, as well to professionalize the industry through the CSCL Designation - Canada's leading designation for supply chain professionals." says Himani Dureja, VP of Education and Corporate Engagement.

As a graduate of the *Supply Chain Management Graduate Certificate* program, if you obtained a minimum cumulative GPA of 3.0 (70%), you will be exempted from the following CSCL program components:

- Module 2: Procurement Strategy and Supply Management
- Module 4: Operations and Process Design Management
- Module 6: Global Strategic Sourcing
- Workshop 1: Effective Leadership
- Workshop 3: Importance of Communication
- Workshop 5: Risk Management
- Workshop 6: Ethics: Social and Environmental Responsibility

About Cambrian College

Cambrian College is Northern Ontario's largest college, with more than 100 programs, including three-year and four-year degree programs in Business Administration. Cambrian's main campus is located in the City of Greater Sudbury, Ontario, with satellite centres in Espanola and Little Current.

About NISCL

National Institute of Supply Chain Leaders (NISCL) is one of Canada's largest communities for supply chain professionals, with over 4,000 members and a broader community of 12,000+ supply chain professionals. Our vision is to enhance the employer recognition for the supply chain profession through the development of functional and leadership excellence.

Anchored by a legacy of 35 years and fuelled by a vision that has the future of supply chain at its core, NISCL is committed to strengthening the supply chain network which embodies end to end supply chain. The supply chain profession has never been more vital to the progress of the Canadian economy and at NISCL we want to continue building the momentum that supply chain has garnered in the past few years.
