SCMAO partners with CIMT to Expand Pathways to the CSCMP Designation

Supply Chain Management Association Ontario (SCMAO) and CIMT College have reached an agreement that will provide an efficient path for graduates of the school's *Supply Chain and Logistics Management* Diploma program to complete their Certified Supply Chain Management Professional (CSCMP) designation – at a faster rate.

Today's global market demands skilled practitioners to support the management of complex supply chains. SCMAO's Designation Program meets this need and equips those seeking to launch or accelerate their career with the necessary skills to work at a management or executive level.

Many designation holders find having the designation helps them progress within their career and contribute at a strategic level within their company.
